Help!

You've read the entire instruction manual three times and you're still stumped! Click on the Help button in Showtime to be taken to the Support portal or email help@carbonhouse.com.

IMAGE SIZES GUIDE

CODE	NAME	DIMENSIONS
A	Event Image/Page Slideshow	1180px by 500px
B	Event Thumbnail	880px by 586px
C	Spotlights/News Thumbnails	510px by 340px
D	Homepage Promo	360px by 320px
E	Lightboxes - Seating Charts - Homepage Overlay	1000px by 750px*

*Recommended dimensions. Can be any size needed.

Optimize your images. Recommendation is 72 DPI.

A large crowd of people is seen from behind, looking towards a brightly lit stage. The stage features a large screen and several spotlights that create a hazy, atmospheric effect. The word "EVENTS" is overlaid in white capital letters on the crowd.

EVENTS

EVENTS

Overview

The Events section of Showtime is where you will manage your database of past and upcoming events.

Summary

The summary tab contains the basic event information, the “who, what, when, where, and why” of the event.

Title: Main title of the event

Tagline: Used for information that is ancillary to the main title of the event, but still important to the identity of the event (e.g. support act, tour name, presented/sponsored by). Displays below the event title.

Showings:

- Use the date and time pickers to choose the date and time of the first performance.
- Click the Add Showing button to add a new showing to the run. The date and time of the next performance will automatically fill in based on the showing directly above it.
- The duration is in HH:MM format and determines when the event falls off of the website.

More Button: The More button that appears under each showing reveals a field where you can place the individual showing ticket link.

EVENTS

Summary

Description: Enter the event description. There is no character limit. The event description will be truncated on the Event Detail Page so it can be as long as you'd like, users will opt in to see more. Use the text editor to style your description as desired.

Seating: Click the add button to insert a seating chart specific for this event.

Related Links: Add related links that fans might find useful. Click Add New to create a link, enter a title and link.

EVENTS

General Tickets

Tickets On Sale: Choose a status.

- None: No tickets are on sale (e.g. private event, sold out, etc.)
- Now: Selecting the Now tab will reveal the Prices and Link field.
- Soon: Selecting the Soon tab will reveal a date and time selector that will allow you to set the on sale in the future. The event will say “On Sale Soon” until that date and time pass. Once the date and time pass it will say “Buy Tickets.”
- TBA: Prices and link field remain. The Buy Tickets button will say “TBA”

Prices: The Prices field is a free form field where you can enter the pricing however you'd like. (e.g. specific ticket prices, price range, fees, etc).

Link: If used, the event will show a Buy Tickets button in all listings and will have a main Buy Tickets button on the Event Detail Page. Also used as the default buy tickets link for each showing if no link is entered for the individual showings.

The screenshot displays the 'TICKETS ON SALE' configuration interface. At the top, there are four tabs: 'None', 'Now', 'Soon', and 'TBA'. The 'Soon' tab is currently selected. Below the tabs, the 'ON SALE TIME' section shows a date of '12-19-2018' and a 'Start Time' of '04:12 PM'. The 'PRICES' and 'LINK' fields are empty text boxes. The 'TICKET INFORMATION / DESCRIPTION' section features a rich text editor with various formatting options (bold, italic, underline, link, etc.) and a large text area for the description. At the bottom, there are 'On' and 'Off' toggle buttons and a 'Next' button with a right arrow.

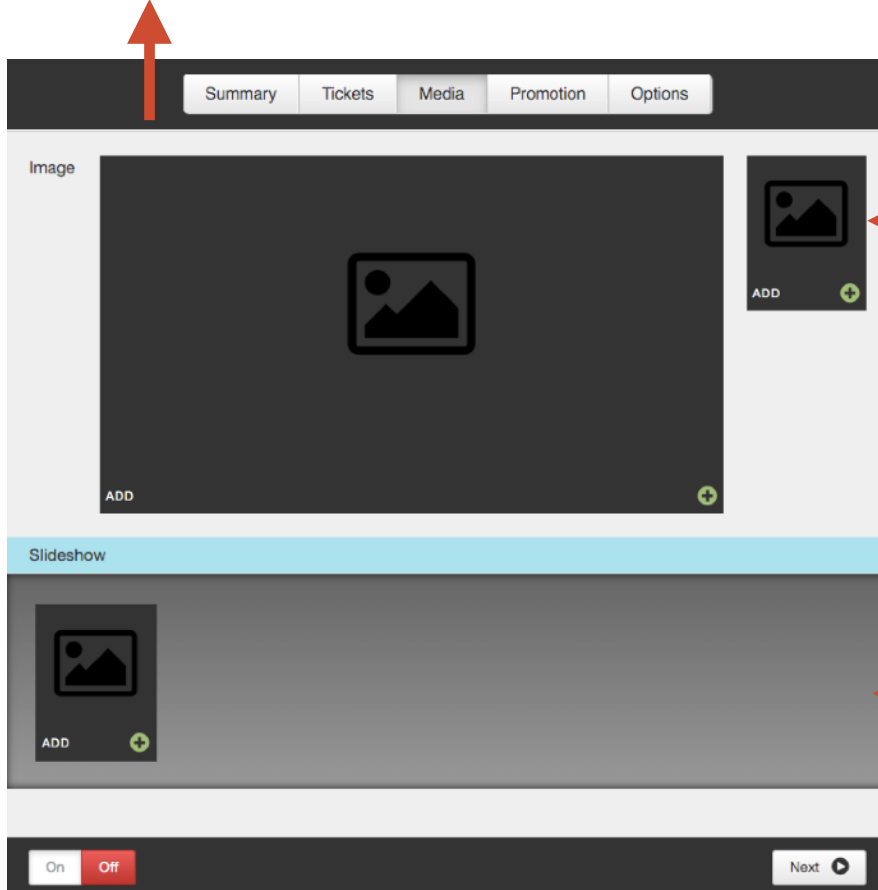

Ticket Information/Description: Any additional ticket information that might be needed for this particular event. Displays as an FAQ on the Event Detail Page.

EVENTS

Media

Main Event Image:

Displays on Event Detail Page and in the primary promotional space on the homepage.
(1180px by 500px)

Thumbnail:

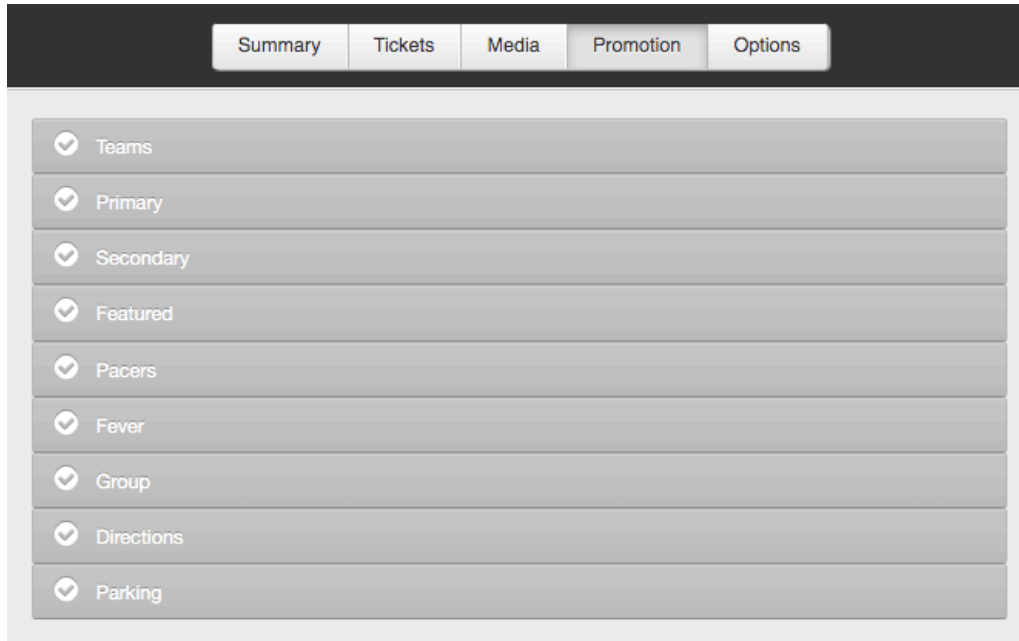

Displays on Event Listing Page and in all other event listings on the site including the homepage secondary and featured promotional spaces.
(880px by 586px)

Slideshow:

Overrides Main Event Image on Event Detail Page. Accepts both static images and video.
(1180px by 500px)

EVENTS

Promotion

The screenshot shows a web interface for managing events. At the top, there is a navigation bar with five tabs: Summary, Tickets, Media, Promotion (which is selected), and Options. Below the tabs, there is a list of promotion types, each with a checkmark icon and a label: Teams, Primary, Secondary, Featured, Pacers, Fever, Group, Directions, and Parking. The list is presented in a table-like format with a light gray background.

1. Primary - Large promotional space on homepage (Qty: 1)
2. Secondary - Medium promotional spaces on the homepage (Qty: 2)
3. Featured - Small promotional spaces on the homepage (Qty: 6)
4. Pacers - Adds event to selected team page.
5. Fever- Adds event to selected team page.
6. Group - Reveals a field to enter group details. Pulls back Groups FAQ item on the Event Detail Page.
7. Directions - Text/link display in the right-hand bar on the Event Detail Page. Link directs to this page by default: /directions-parking.
8. Parking - Text/link display in the right-hand bar on the Event Detail Page. Link directs to this page by default: <https://www.parkwhiz.com/bankers-life-fieldhouse-parking/>.

All promotion types allow you to pull back custom event listings on to pages. If you'd like to add, edit, or remove any promotions reach out to the helpdesk.

EVENTS

Front End Reference - Homepage

The screenshot displays the Bankers Life Fieldhouse website's event page. At the top, a navigation bar includes the Bankers Life Fieldhouse logo, links for 'EVENTS & TICKETS', 'PLAN YOUR VISIT', 'FIELDHOUSE OF THE FUTURE', 'ABOUT', and 'CONNECT', along with search, sign-up, and social media icons. The main event featured is 'DAN + SHAY THE (ARENA) TOUR' for 'OCT 05 // 2020'. A large banner for this event includes a 'FIND TICKETS' button and a 'MORE INFO' link. Below this, three smaller event cards are shown: 'JUNE 02 // 2020 - NOV 05 // 2021' (labeled B), 'OCT 05 // 2020' (labeled 3), and 'OCT 08 // 2020' (labeled 1). Each card has a 'FIND TICKETS' button and a 'MORE INFO' link. At the bottom, a larger event card for 'Mercy Me: 20/20' on 'OCT 08 // 2020' is shown, also with 'FIND TICKETS' and 'MORE INFO' options. The page is annotated with letters A, B, and numbers 1, 2, and 3 in colored circles.

EVENTS

Options

If the Display On date and time is set to the future, the event will not show on the site or be searchable until that date and time has passed.

The screenshot displays the 'Options' tab for an event. At the top, there are tabs for 'Summary', 'Tickets', 'Media', 'Promotion', and 'Options'. The 'DISPLAY ON' section shows a date of '04-07-2020' and a time of '04:30 PM'. Below this is a 'CUSTOM URI' text input field. The 'CATEGORY' is set to 'Please Select' with a dropdown arrow. A 'Meta Data' section follows, containing a 'KEYWORDS' text input, a 'DESCRIPTION' text area, and a 'TRACKING CODE' text area. At the bottom is the 'META IMAGE' section with an image upload icon and an 'ADD' button.

Display On: Announce date and time

Custom URI: Generated automatically by the event title. Use this field to override it, if desired.

Category: Choose a category for each event. This feeds the filter on the event listing page.

Keywords & Descriptions: Used to help Google search your site effectively.

Tracking Code: Optional field that allows you to place a tracking pixel only on that particular event. If you have tracking code you want added to ALL events, submit a ticket to the help desk. We can set it up so that it is automatically added to all events currently in the system and events going forward.

Meta Image: The system will automatically pull an image from the page, but if you want to change the default image, enter an alternate here. This would be used for sharing on social media.

EVENTS

Options

The screenshot shows a web form with the following sections:

- PERFORMER TYPE**: A dropdown menu with "None" selected.
- SCHEMA STATUS**: A dropdown menu with "No Change" selected.
- Make a Copy of This Event**: A section header followed by a "Make a Copy" button.
- Generate Review Link**: A section header followed by a "GENERATE" dropdown menu with "24 hours" selected and a "Generate" button.
- On/Off**: A toggle switch with "On" selected (green) and "Off" (white).
- Next**: A button with a right arrow icon.

Performer Type: Select the performer type from the dropdown. Used for Structured Data.

Schema Status: Use this dropdown to update the event status for Structured Data. Options include the below.

- No change (default)
- Postponed- for events that have been postponed, but the new date is unknown.
- Rescheduled- for events that have a new date. In this case you would simply change the event date to the new date.

Make a Copy: Use this button to replicate all data for an existing event. Once clicked, an exact copy of the event will be added to your Events database. The title of the event will be appended with “-copy” at the end to distinguish it from the original. The URI will be appended with “-1” as well.

The event must be ON for the Display On date and time to register.

Generate Review Link: See [Generate Review Link](#) section

The unique link created when you use the Generate Review Link feature will display a banner at the top of the page with the expiration timestamp, so the person viewing the link will know how much time they have left to review.

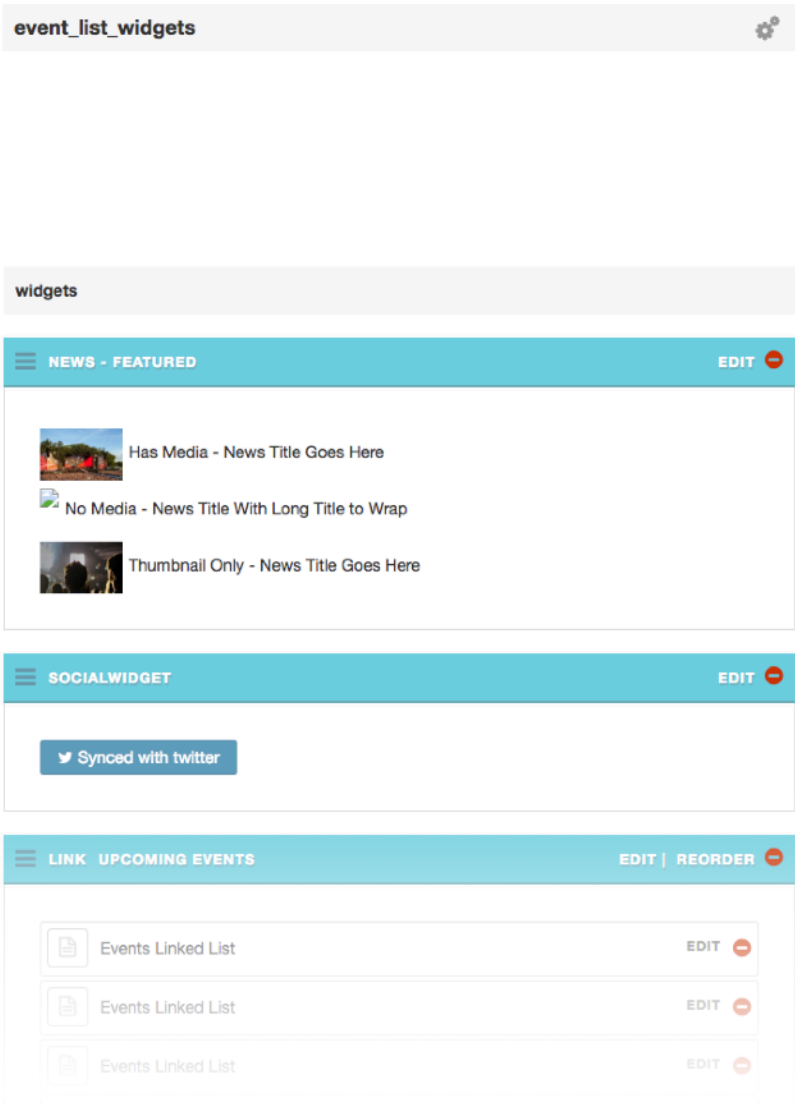

As a reminder, if the link is no longer being used, or you find it's being abused, you can cancel it at anytime so it becomes no longer usable.

Event Listing Page/Detail Page Widgets

The Event Listing Page and all Event Detail Pages share the same set of widgets. These widgets are controlled through a page in Showtime called event_list_widgets.

Please reference the Widgets Style Guide (/style-guide-widgets) for more information on individual widgets available to be added here.

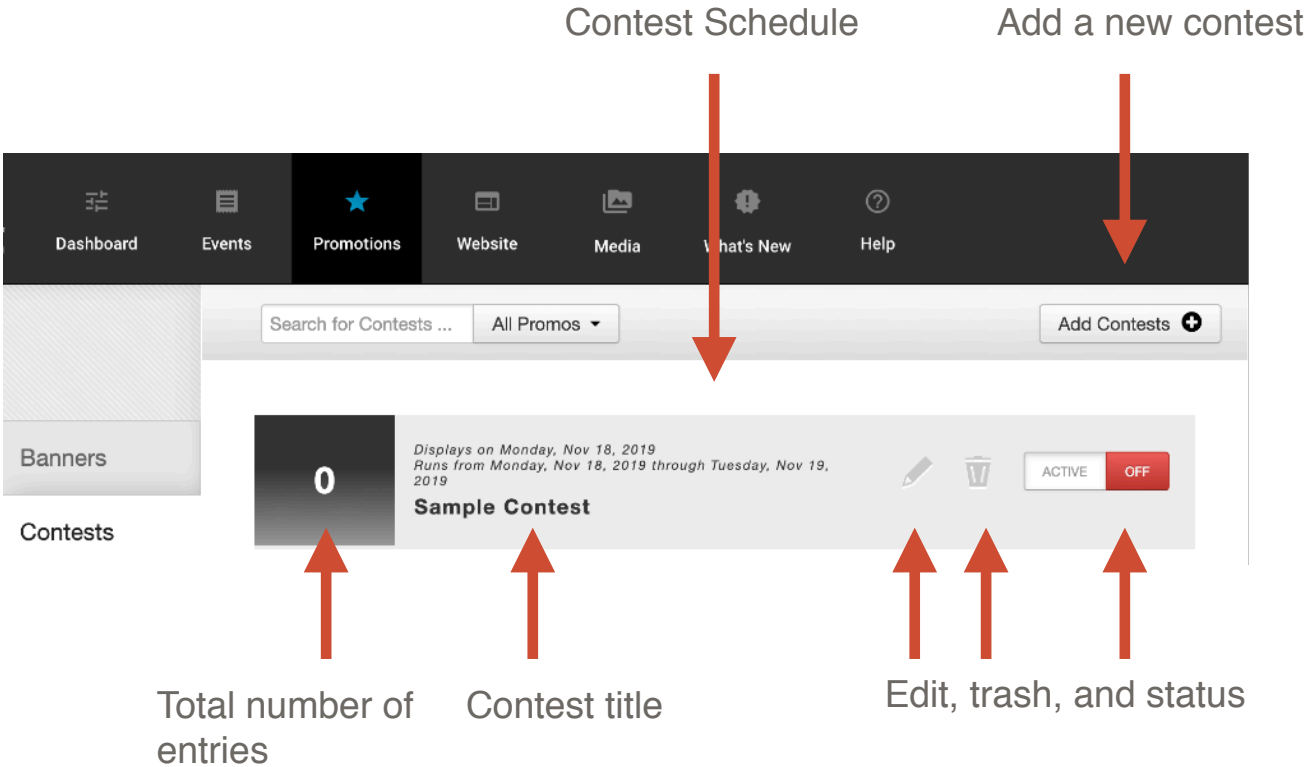

PROMOTIONS

CONTESTS

Overview

Contests are found under the Promotions tab in Showtime. Below is a diagram explaining all of the items you'll see in this module. Click on the Add Contests button to start a new contest.

Title: Enter the contest title

Start/End Date: Schedule the contest (can be done in advance)

Link: Add link to additional contest details (optional)

Description: Enter the contest details

Disclaimer: Each contest should include a legal disclaimer.

CONTESTS

Media

You can add videos and images to each of your contests. Just like with events, videos should be placed in the slideshow only.

Main Contest Image:
Displays at the top of the Contest Detail Page. Uses the main event image size.

Contest Thumbnail:
Displays on the Contest Listing page. Uses the event thumbnail size.

Slideshow:
Displays at the top of the page. Overrides the main contest image. Can be used for images and video.

CONTESTS

Promotions

If the contest is related to an event, assign a related event from the drop down that appears on this tab. This will bring back a call to action for fans to buy tickets. The dropdown will pull from your upcoming event list.

CONTESTS

Options

The features on this tab are completely optional, however, we would highly recommend at least entering the Meta Data keywords and descriptions.

The screenshot shows the 'Options' tab for a contest. The top navigation bar has tabs for Summary, Media, Promotion, and Options, with 'Options' being the active tab. Below the tabs, there are several input fields: 'CUSTOM URI' with a placeholder 'Custom URI', 'PASSWORD' with a placeholder and a help icon, 'Meta Data' with a sub-section for 'KEYWORDS' (placeholder 'Keywords') and 'DESCRIPTION' (a rich text editor with a toolbar). At the bottom, there is a 'TRACKING CODE' field and an 'On/Off' toggle switch.

Custom URI: Override the URI*

Password: Protect the contest, if desired, so it is only available to a specific audience.

Meta Data: Add meta keywords and descriptions to enhance SEO.

Tracking Code: Add a unique tracking code, if desired, for additional analytics.

* All contests follow the same path: www.yourdomain.com/contests/detail/ followed by the URI. If you don't fill out this field, the system will generate a URI for you based on the title of the contest. You can override the system-generated URI by typing the desired URI here.

CONTESTS

Running Contests

Once you have finished setting up your contest you can turn the contest on.

If the contest is set to start at some point in the future, the contest will display on the site, but will not be available for entry until the start date and time passes. Once the contest start time passes, the system will automatically display the form for fans to enter the contest. Once the end time passes, the form will be removed and the system will display messaging letting site visitors know that the contest has ended.

You can keep track of how many people have entered the contest by going into the contest module and viewing the ticket displayed next to the contest name. Once you have at least one entry, two new buttons will display that will allow you to either view the entries or download them to a CSV file.

You can bring contests into any page on the site by clicking the Add Content button and selecting the Contests widget.

PAGES

Overview

The Pages module is where you will control all of the static content on the site. Please refer to your Style Guide in Showtime for detailed instructions on how to attain specific styles for your site.

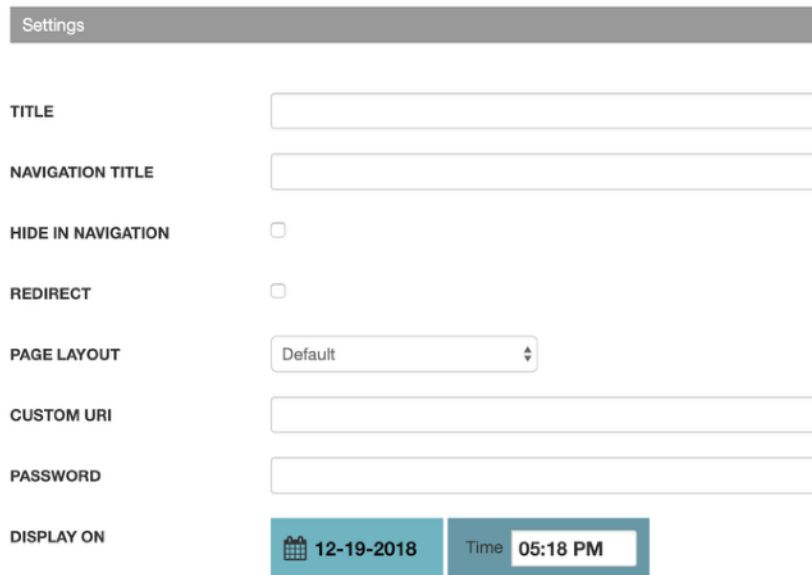

1. Expand or collapse the subpages to easily search.
2. Reorder Pages: Click to drag and drop the pages into the desired order.
3. Blue Pages: Main Navigation items
4. Add Subpage: Create new pages anywhere
5. Page Titles
6. Unpublished Changes: Indicates changes that were saved but not published.
7. Preview: Allows you to preview your changes before they go live.
8. Edit, Trash, Status:
 - Edit: Make changes to an existing page
 - Trash: Delete an existing page
 - Publish On and Off: Turn the page on and off. Pages that are turned off no longer show in the navigation.
9. Redirect: Indicates if a page is set to redirect elsewhere, on hover.
10. Last Modified: Date/Time stamp of last modification.

PAGES

Settings

Page settings can be accessed on any page by clicking the gear icon.

Settings

PAGES

Slideshows

Add slideshows to any page. Slideshows can support video and images. Be sure to caption your images.

The screenshot shows the Bankers Life Fieldhouse website. At the top is a navigation bar with links: EVENTS & TICKETS, PLAN YOUR VISIT, FIELDHOUSE OF THE FUTURE, ABOUT, and CONNECT. On the right are icons for SEARCH, SIGNUP, and social media. Below the navigation bar is a large image of the arena's exterior at night, with the Bankers Life Fieldhouse logo overlaid. A large orange square with a white letter 'A' is positioned on the left side of the image. Below the image is a caption box that says "This is a caption".

HOME

Style Guide

Lead-In Paragraph: Write out your text then highlight it. In the text editor, click the Paragraph Format button and choose "lead paragraph."

Heading 2

Normal Font: **Bold text** *italicized text* subscript ^{superscript}. This is the default style for text on your site. When you create a new text block and **start typing**, this is the default text that will appear on the front end of your site unless you choose an alternate style. You can choose styles by clicking on the Paragraph Format button in the text editor (bottom row, second dropdown in from the left, it will say "Normal.") From there, you can choose a heading type or you can choose from various other styles like Lead Paragraph (displayed above), bold, italicized, subscript, superscript, numbered and bulleted lists, or blockquotes, all of which are sampled on this page.

- Site Fonts and Styles
- Style Guide Widgets

Sample Link List Item - no link

Navigate your cursor to the spot where you would like the quote to display. Click on the Block Quote button in the text editor. A new menu will appear above your work, prompting you to enter the quote and byline. Click ok to save.

Caitlin Takos, CARBONHOUSE CLIENT SERVICES

Heading 3

Bulleted and numbered lists can be created in any text block. Simply write out the list of items, highlight them and then click on the bulleted list icon or the numbered list icon in the text editor. The list will automatically add the numbers/bullets to each item.

PAGES

Spotlight Lists

Spotlight lists are a great way to link to subpages or display sponsors. They are functional, but also add dimension to your pages and make them more engaging.

LIST/WIDE LAYOUT

Spotlight with Image, Link, and Description

You can include bulleted and numbered lists within a spotlight and even a [link](#) within the text.

In this format, the image, text, and more information button will be clickable.

Spotlight with Image, Description, and NO Link

You don't have to include a link. If you don't, no button will appear.

Spotlight with description, link, and NO image

If you don't have an image, but still like the way the spotlight list looks, that's fine! Go ahead and create your spotlight without an image. In this case, just the title and more info button will be clickable.

- Bulleted Item 1

- Bulleted Item 2

- 1 // Numbered Item 1

- 2 // Numbered Item 2

Adding a Homepage Non-Event Slide

Display a non-event related slide in the Primary Promotion spot on the homepage.

Example Use Cases:

- Opening Night
- Contests
- Season On Sale
- Important Show On Sale

Go to the Home page in Showtime. In the slideshow, click on the Add button to open the media gallery and select the promotional image you would like to use.

Be sure to add a caption and/or link to the asset.

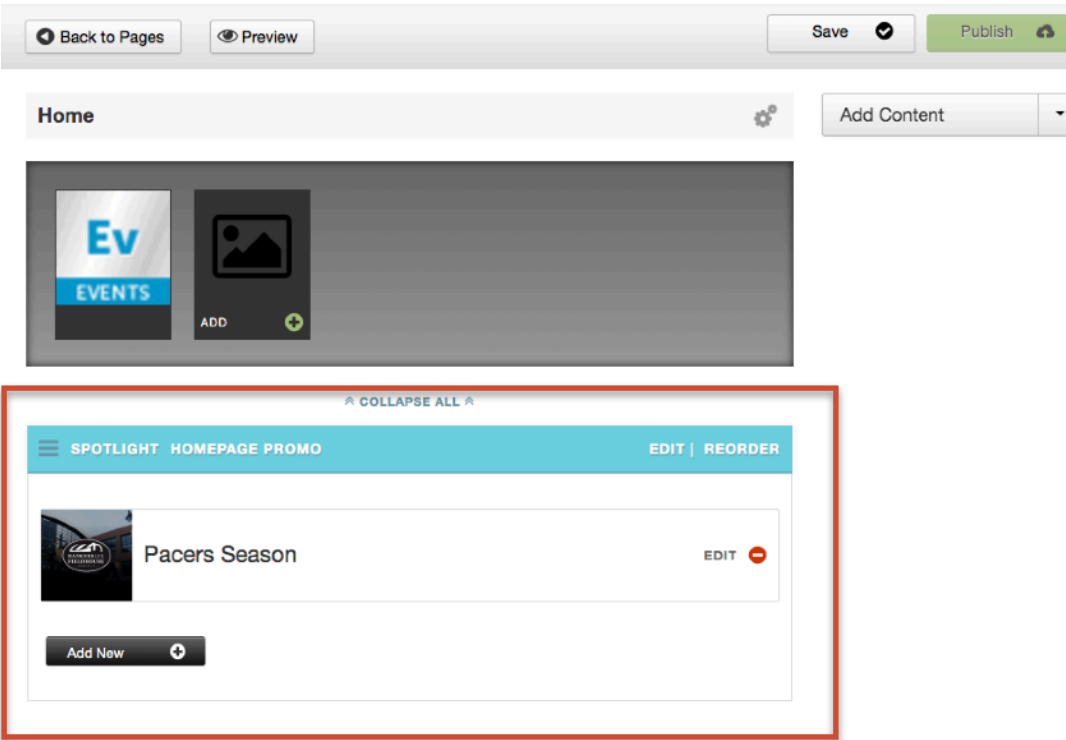

Once you've added your image to the slideshow, drag and drop it into the first position, ahead of the Events placeholder so it will display first.

PAGES

Updating Homepage Promo

Navigate to the Home page in Showtime. Below the slideshow you'll see a spotlight list titled Homepage Promo. Click on the Edit button to modify the Title, URL, or text of your homepage promo.

PAGES

Front End Reference - Homepage Promo

The screenshot displays the Bankers Life Fieldhouse website homepage. At the top, the navigation bar includes the Bankers Life Fieldhouse logo, links for 'EVENTS & TICKETS', 'PLAN YOUR VISIT', 'FIELDHOUSE OF THE FUTURE', 'ABOUT', and 'CONNECT', along with search and sign-up icons. The main promotional banner features 'DAN + SHAY THE (ARENA) TOUR' for 'OCT 05 // 2020', with a 'FIND TICKETS' button and a 'MORE INFO' link. Below this, three smaller event tiles are shown: 'JUNE 02 // 2020 - NOV 05 // 2021' (Bankers Life Fieldhouse logo), 'OCT 05 // 2020' (two men sitting), and 'OCT 08 // 2020' (Mercy Me: 20/20 poster). A larger tile for 'OCT 08 // 2020' features the 'Mercy Me: 20/20' poster and a 'FIND TICKETS' button. At the bottom, three more tiles are visible: 'OCT 15 // 2020' (Alabama 50th anniversary), 'FEB 14 // 2021' (NBA All-Star 2021 Indianapolis), and 'Pacers Season Tickets' with a 'Be there for every game, point & victory! Be the ultimate Pacers fan!' tagline. A red square with a white 'D' is overlaid on the bottom right corner of the page.

NEWS

Overview

Much like the Events, the News database is where all of your past and upcoming News articles are created and managed.

NEWS

The news article must be ON for the Display On date and time to register.

Promotion

If used, tag the news article with the appropriate promotion type. If the news article is related to a specific event, choose an event from the Related Event drop down list to bring back a call to action on the news article for people to buy tickets.

Options

If the Display On date and time is set to the future, the news item will not show on the site or be searchable until that date and time has passed.

Custom URI: Generated automatically by the news title. Use this field to override it, if desired.

Password: Type in a password to password protect the news article.

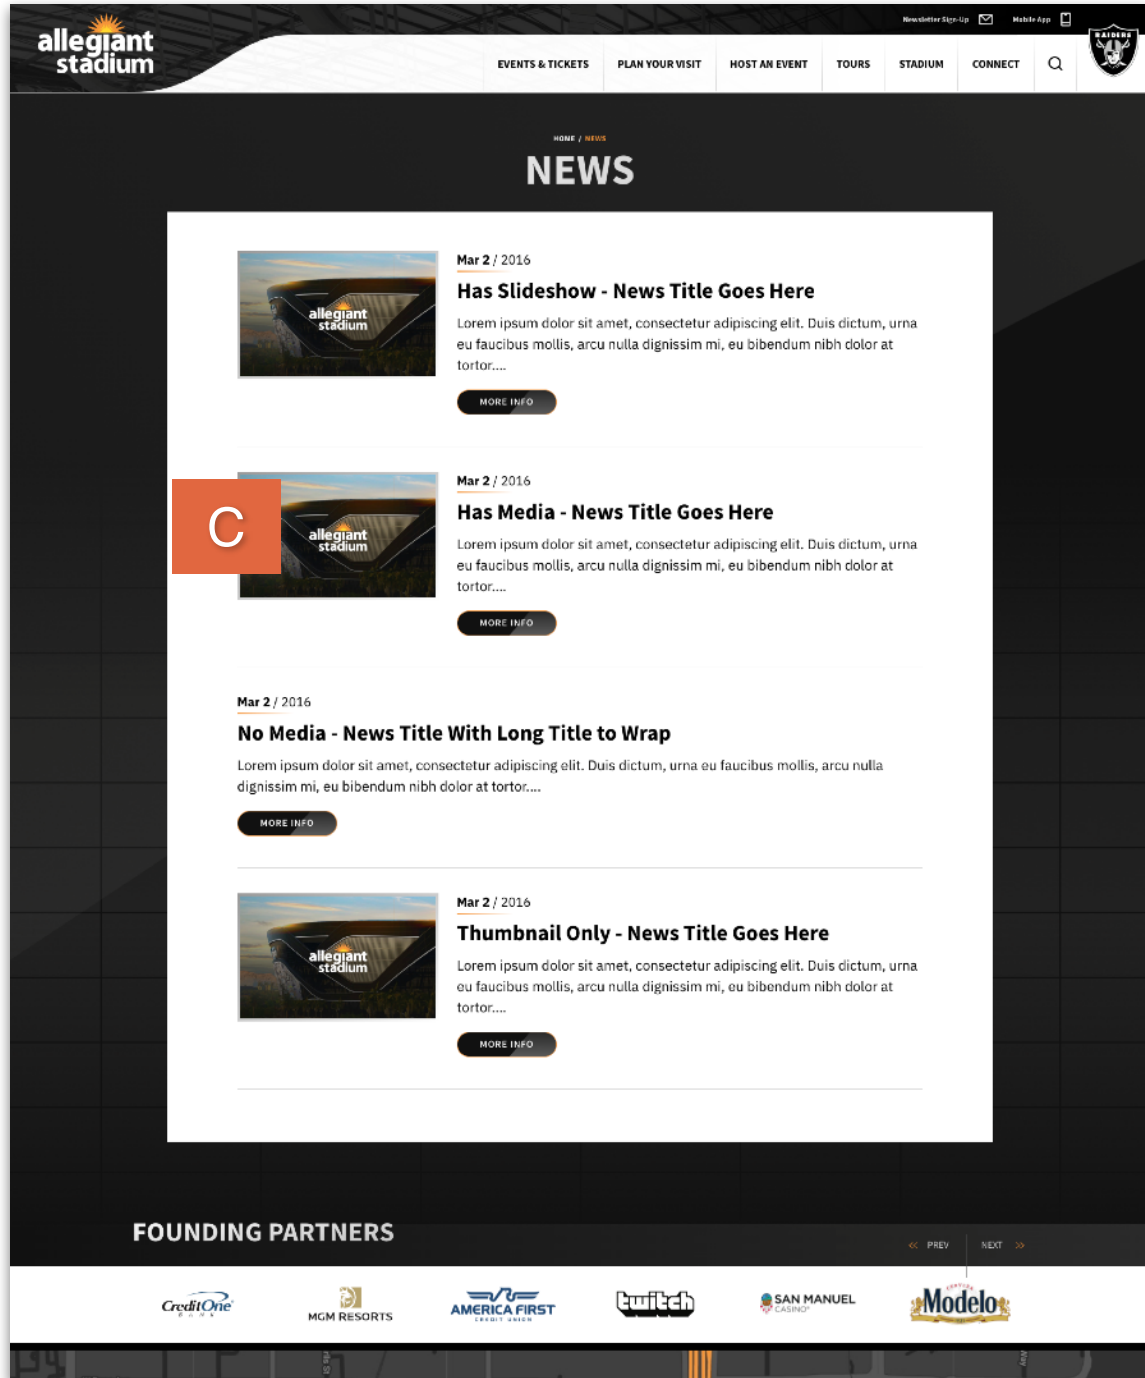

Category: Choose a category.

Meta Data: Be sure to fill in your meta data. Keywords and descriptions are used to help Google search your site effectively.

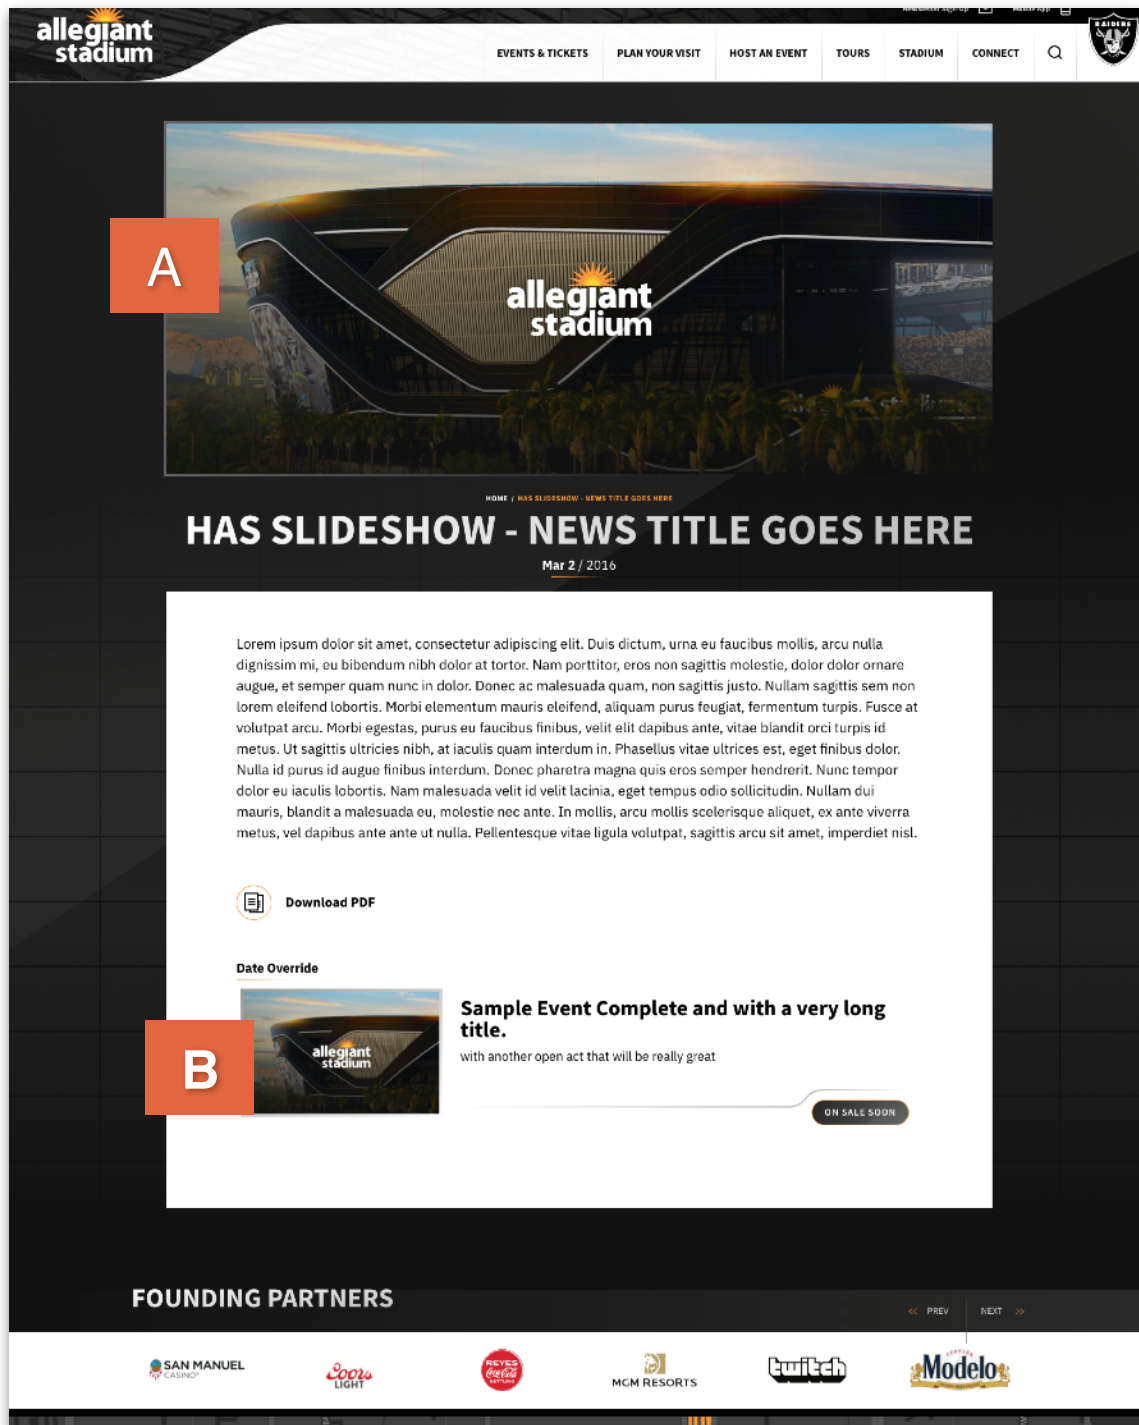

Tracking Code: Optional field that allows you to place a tracking pixel only on that particular news item.

VISITOR GUIDE

Overview

The Visitor Guide module is the database for all of the concierge items on the site. By adding them here, you'll be able to bring back a listing of any concierge category (e.g., Restaurants, Hotels) on any page of the site.

Search database by
name or category

Click Add New to
add a new item

The screenshot shows a horizontal bar with a search input field labeled "Search Visitor Guide ..." and a dropdown menu labeled "All Categories". To the right of the search bar is a button labeled "Add New" with a plus icon.

HOTELS

 **Hilton Garden Inn**
1050 Interstate Drive

Drag and drop to reorder

Edit, Delete, or Unpublish an item

VISITOR GUIDE

Summary

Click the Edit button to edit the individual Visitor Guide item.

[illegible]

Title: Enter title.

Description: Add a description of the item.

Category: Choose a category.

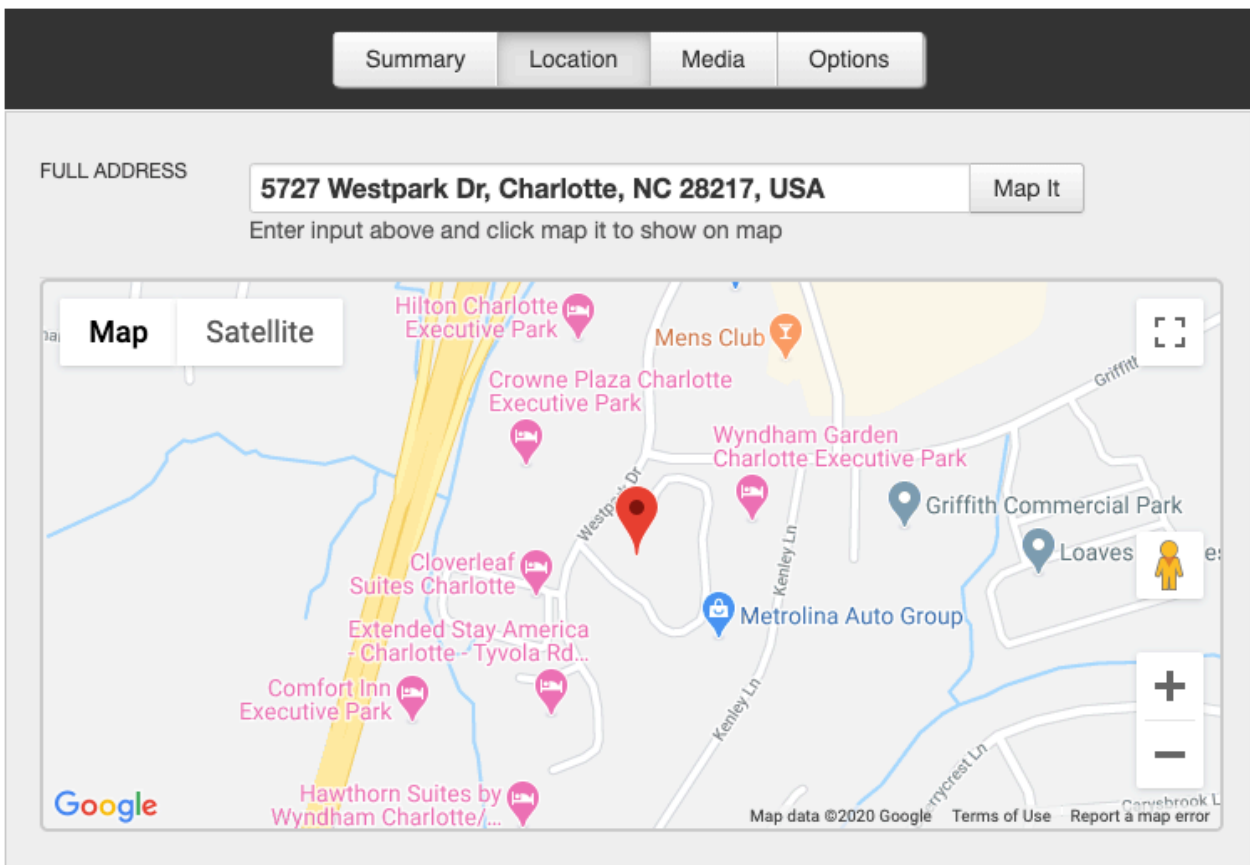

Link: Enter the link.

Thumbnail: Upload an image to be displayed next to the item.

VISITOR GUIDE

Location

Enter the address and click “Map It.” A map will appear with a pin at the location. Google determines the pin location. But you know your neighborhood better than Google, so if the pin isn’t precisely where you’d like to send people, go ahead and move it to the exact location.

VISITOR GUIDE

Location

The address fields below the Full Address field and map are how the address will display on the site. These fields will automatically fill in based on how the address is listed with Google, but you can update it however you'd like. Example: You could change Southwest to SW or Road to Rd.

The Lat and Long fields are determined by where the pin is dropped. If you move the pin these fields will update automatically.

Add a fax number and/or email address if desired.

Directions

For guests using GPS, please type in the following address below:

125 S. Pennsylvania St.
Indianapolis, IN 46204

Parking

From garages to street parking, there are several parking options throughout downtown Indianapolis within walking distance to Bankers Life Fieldhouse. The Virginia Avenue Parking Garage located on the northeast corner of the building offers the closest covered parking option. The garage is connected to the Fieldhouse via covered sky bridge on the third floor. The entrance to the Virginia Avenue Garage is located off Maryland Street.

Denison manages a number of parking facilities in the downtown area, and can share information that will make your experience an enjoyable one. For specific information related to bus parking near the Fieldhouse, contact Denison Parking at (317) 916-1760. You may also purchase individual parking passes in advance at select locations via ParkWhiz.

VENUE

Overview

For all sites, the Venue module controls how the information for your venue is displayed in the footer, such as address and phone numbers.

For sites with more than one venue, it also controls which venues appear in the Venue drop down menu on the Event set up screen as well as the venues that appear on the Venue Listing Page if enabled.

Managing Footer Information

Only a handful of fields will be used to control the footer information.

Title: Name of venue, only shows in Showtime

Phone Numbers: Update phone numbers as needed

VENUE

Location

Enter the address in the Full Address field and click Map It. A map will appear with a pin at that location. Drag and drop the pin to change the location and latitude and longitude, which will edit the location for GPS. The address fields below the map are for display purposes only and control how the address reads in your footer.

GALLERIES

Overview

The Galleries module is the database of galleries that appear on the Galleries page. Click the Add New button to create a new gallery.

Summary

The screenshot shows the 'Summary' tab of the Galleries module form. It contains the following fields and controls:

- TITLE:** A text input field with a help icon.
- SLUG:** A text input field with a help icon.
- DESCRIPTION:** A rich text editor with a toolbar containing icons for undo, redo, bold, italic, underline, list, link, unlink, image, video, and HTML.
- DATE:** A date and time picker showing '12-19-2018' and '05:43 PM' with a help icon.
- Bottom Controls:** 'On' and 'Off' toggle buttons, and a 'Next' button with a play icon.

Title: Enter Gallery title

Slug: Created based on the title. Edit if needed.

Description: Enter Gallery description.

Date: Assign a date for the gallery (only the date appears, the time does not)

GALLERIES

Media

Thumbs: Assign a thumbnail to represent the gallery on the Gallery Listing Page.

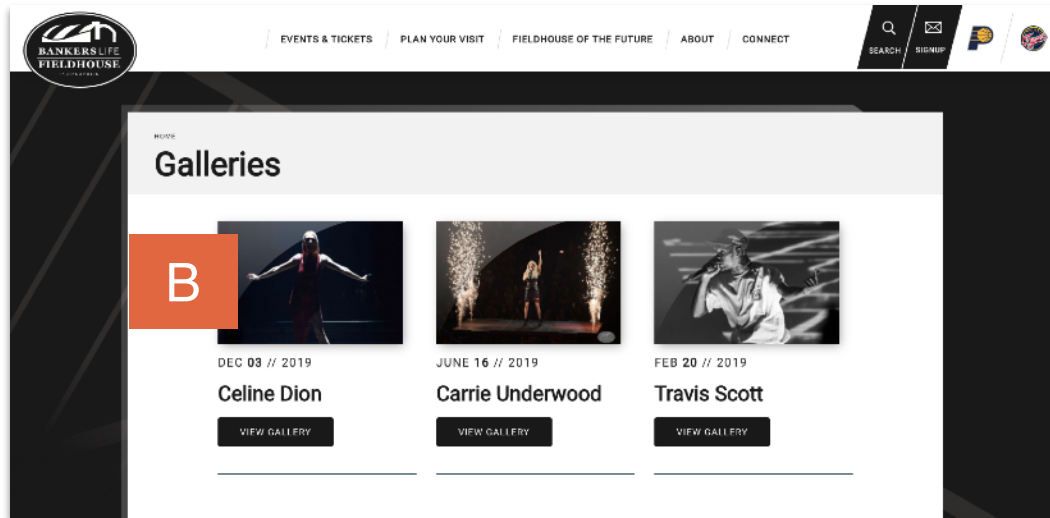

Media: Add images to the gallery. These images will display on the gallery detail page.

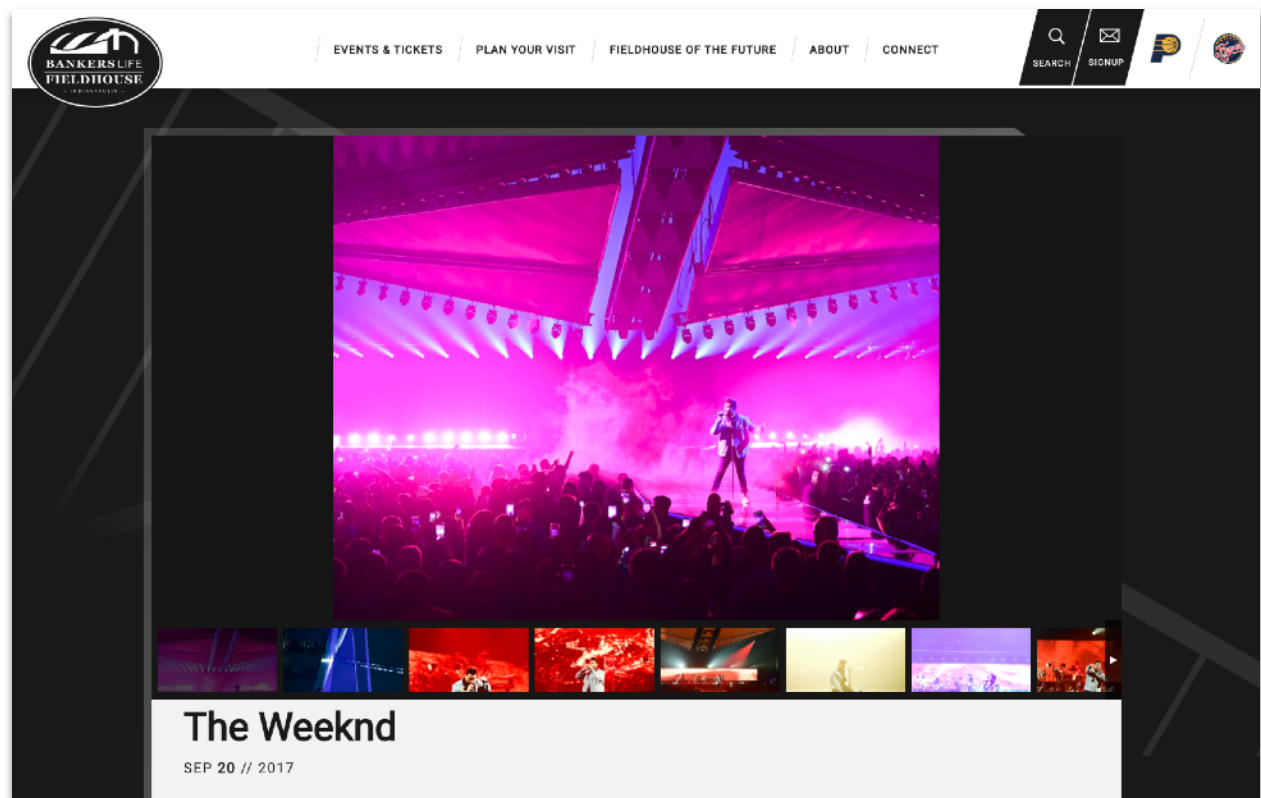

While the slideshow images in your gallery can technically be any size, please remember the larger the individual images, the larger your gallery, the slower the gallery will be to load.

SEATING CHARTS

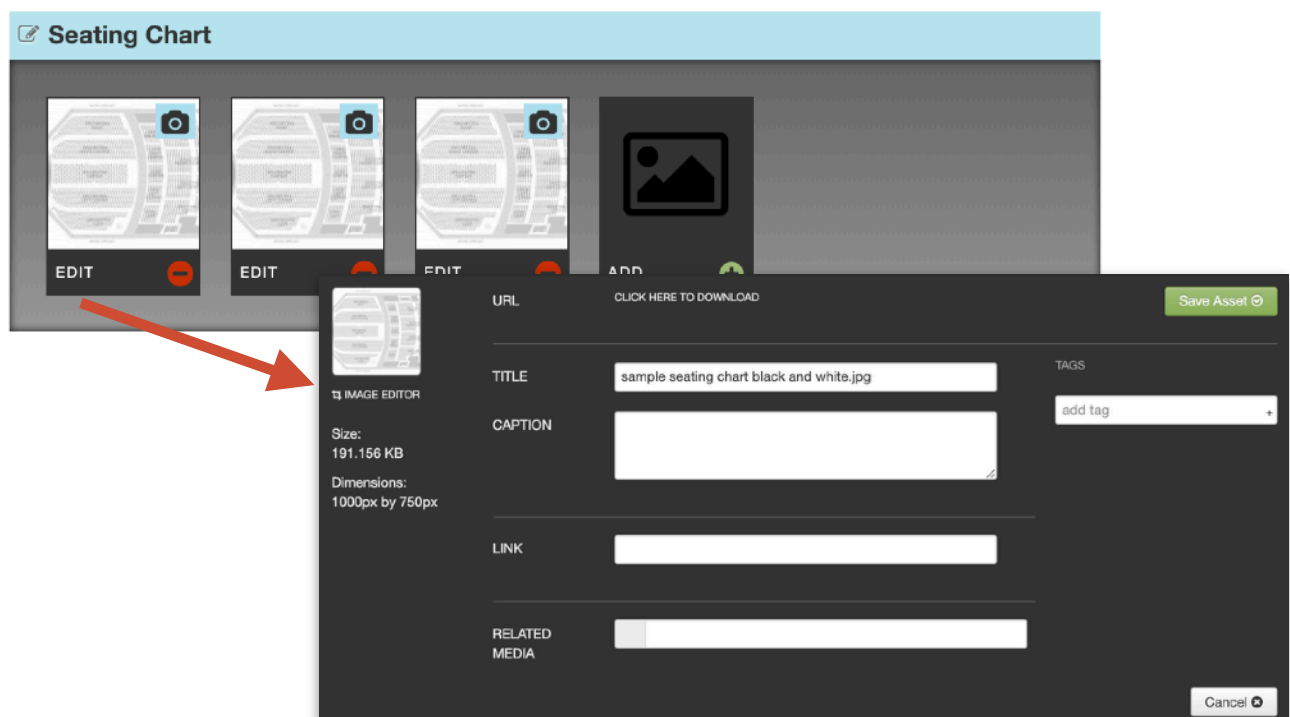

Overview

The Seating Charts module controls the seating charts that appear on your Seating Charts page. They are not tied to your Event Detail Pages. To add seating charts to your Event Detail Pages, please refer to the [Events](#) section.

Managing Seating Charts

- Click Add to add a new seating chart, drag and drop to reorder.
- On each Seating Chart, give it a title and a caption. The caption displays on the front end.
- Add a link to a PDF version of the seating chart so users can easily download the seating chart.

ALERTS

ALERTS

Text Alerts

Text Alerts are a great way to alert patrons to on sales, important news items, or other announcements, such as inclement weather.

In Showtime, navigate to the Alerts module and click on the Add Alert button in the top right corner.

Title: Displays within the alert itself.

Alert Type: Choose Alert for Text Alerts.

*Alert Location: Choose where you would like the alert to be displayed.

Start and End Date: Schedule when you would like the alert to appear.

Link: Add a URL to make the alert clickable.

Button Title: If you add a link, assign appropriate text for the call to action.

Description: Enter additional details.

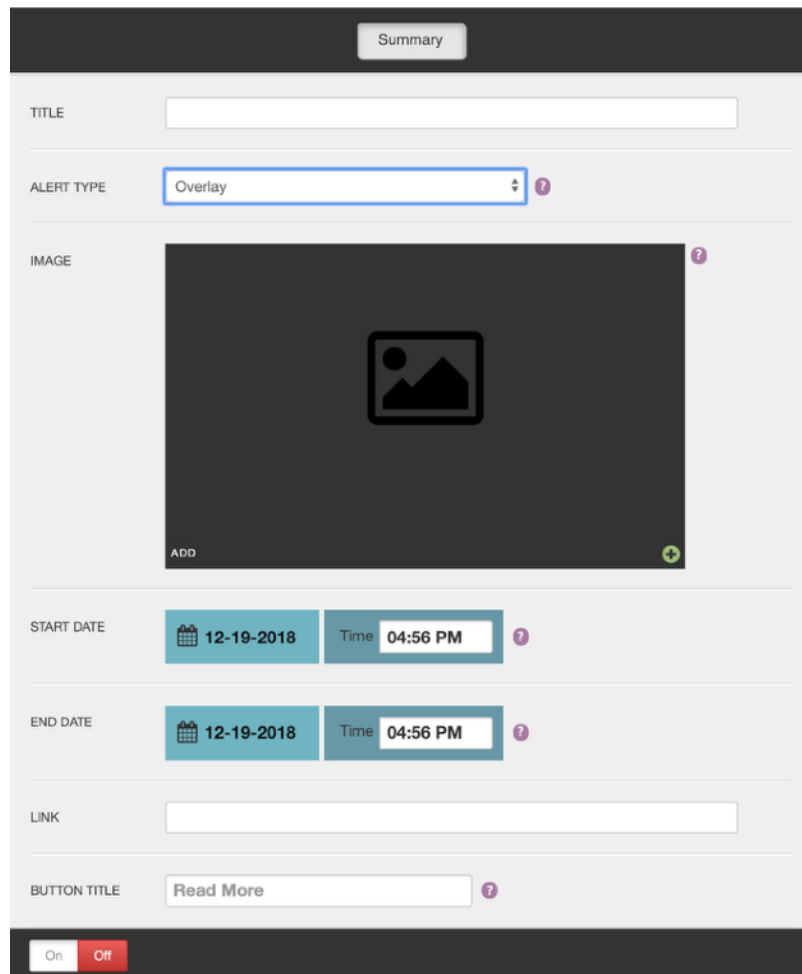

*Add on feature. Default is the homepage, but we offer the ability to add text alerts to Event Detail Pages, Venue Detail Pages, Concierge items, and interior Pages. Contact Client Services for more information.

ALERTS

Overlay

Overlays, or splash pages, are a visually dramatic way to bring attention to patrons about exciting things happening at your venue.

Selecting Overlay for the Alert Type will reveal a new field for Image.

The screenshot shows a web form for configuring an alert. At the top is a 'Summary' button. The form has several sections: 'TITLE' with a text input; 'ALERT TYPE' with a dropdown menu set to 'Overlay'; 'IMAGE' with a large dark area containing a placeholder icon and an 'ADD' button; 'START DATE' and 'END DATE' each with a date picker (set to 12-19-2018) and a time picker (set to 04:56 PM); 'LINK' with a text input; and 'BUTTON TITLE' with a text input set to 'Read More'. At the bottom are 'On' and 'Off' toggle buttons. Each input field has a small question mark icon for help.

Title: Does not display on the front end.

Alert Type: Choose Overlay

Image: Click on Add to chose an image from your media gallery or to upload a new image.

*Alert Location: Choose where you would like the alert to be displayed.

Start and End Date: Schedule when you would like the alert to appear.

Link: Add a URL to make the alert clickable.

**Button Title: If you add a link, assign appropriate text for the call to action.

*Add on feature. Default is the homepage, but we offer the ability to add text alerts to Event Detail Pages, Venue Detail Pages, Concierge items, and interior Pages.

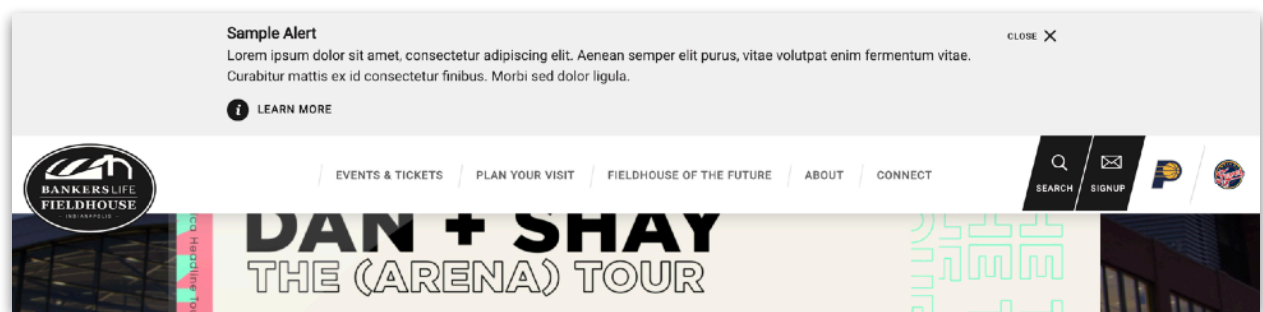

**Add on feature. Overlay normally does not include a button.

FRIENDLY URLS

/showtime/friendly_urls

Overview

You're sending out an ad with a discount code for an upcoming event and you'd like a short and easy to remember URL to include on the ad to direct people to that event. For this example, we'll say the code is "SAVE" and you'd like it to link to your event detail page, in this example the Event Detail page URL is <http://www.venue.com/events/detail/eventname>.

Setting up Friendly URLs

Click on the Friendly URLs module.

TITLE: Enter your friendly URL. Using our example above, you would enter "SAVE" here, which would create the new URL of www.venue.com/SAVE.

URL: Enter the URL for the page to which the friendly will redirect. In this case, it would be "events/detail/eventname" since we are linking to an internal page within the site. If you were linking to an external site, you would need to include the entire URL here "<http://www.venue.com/events/detail/eventname>."

Click Save.

TITLE	<input type="text" value="save"/>	?
URL	<input type="text" value="/events/detail/event_name"/>	?

You're done! Now, if anyone enters www.venue.com/SAVE they will automatically be redirected to your event detail page and buy tickets!

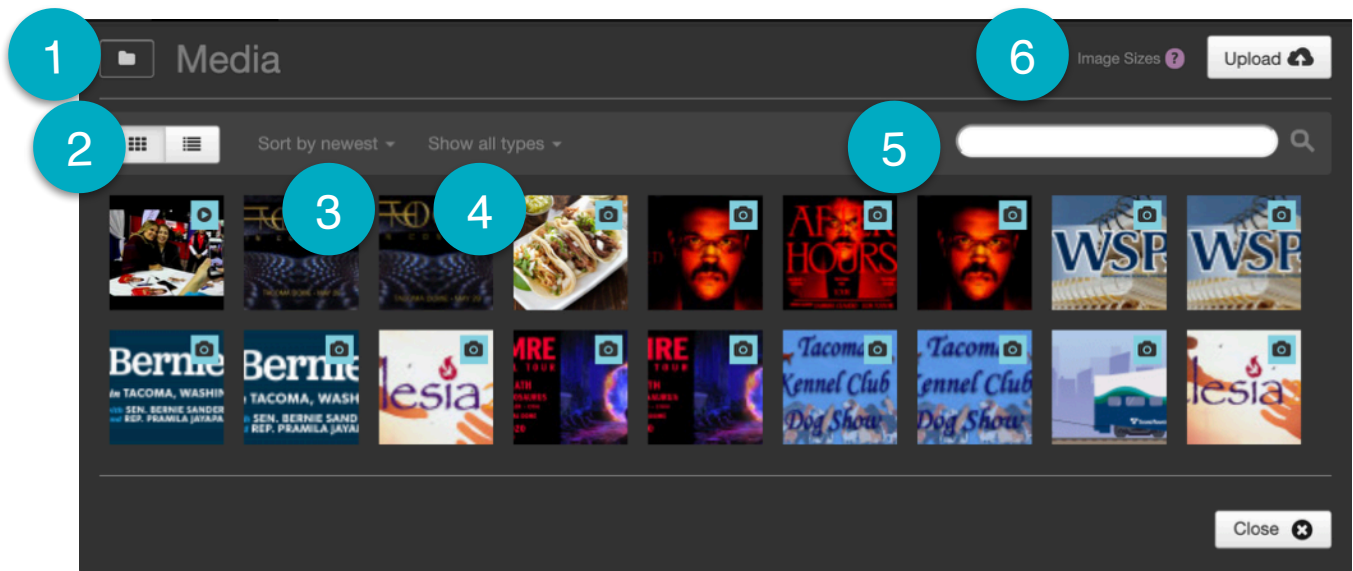

A photograph of a male musician with short, spiky hair, wearing a yellow t-shirt with a graphic and dark pants. He is playing a dark-colored electric guitar on a stage. A microphone on a stand is positioned in front of him. The background is slightly out of focus, showing stage equipment and a bright light source. The entire image is covered with a semi-transparent teal overlay. The word "MEDIA" is centered in white, bold, sans-serif capital letters.

MEDIA

MEDIA

Summary

All of the assets on your site are listed in the media gallery. You can click on the Media button from anywhere on the site and it will automatically display as an overlay on top of the page you are on so you will not lose your work.

Filtering

1. Folders: The folder button allows you to view images based on tags.
2. View: The default is grid view, but you can sort by list view as well. On list view, the name of the file is displayed. On grid view, the name is available on hover.
3. Sort: The media gallery defaults to being sorted by newest, meaning the most recently uploaded assets will show first. You can also sort by the file name alphabetically or by the oldest item.
4. Type: The default setting is to show all types, but you can sort by file type to show only one type of asset: images, videos, audio, or documents.
5. Search: Use the search field to find the exact item you're looking for by typing some or all of the file name.

MEDIA

Image Sizes

6. Image Sizes: Click here to view the image sizes used on your website. The sizes will appear in an overlay on top of the media gallery. Click the Close button to go back to the gallery.
7. Upload: Click here to add new files or videos

Uploading New Assets

To upload new assets to the media gallery, go to the Media button in the navigation and click on the Upload button. You will have two options: File(s) or YouTube.

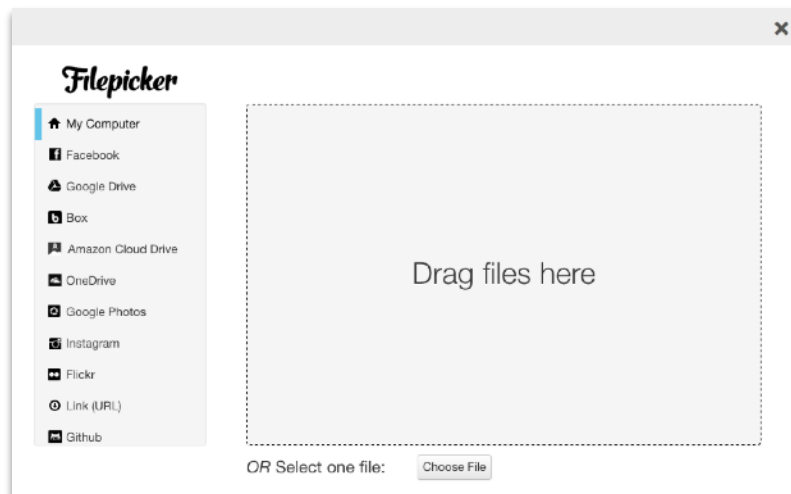

- Files(s): Images, documents, or audio files
- YouTube: Videos

Files

If you choose File(s), you will be brought to the Filepicker, which gives you multiple ways to find the assets you would like to bring into the site.

1. Social feeds and shared drives
2. Dragging files from your computer
3. Selecting files from your computer

MEDIA

Video

1. Upload your video to YouTube or Vimeo
2. Copy the link to the video
3. In the Showtime media gallery, click on the Upload button and choose "YouTube"
4. Paste the URL you just copied from YouTube/Vimeo into the field labeled "URL."
5. Related Image: You **MUST** assign a related image to each video. It appears in place of the video when added to slideshows. The system will automatically add a play button on top of the image.

ACCEPTED FORMATS:

dashboard promotions website media help

URL

TITLE

CAPTION

LINK

RELATED MEDIA  spotlight-bg_image.jpg

Video isn't playing? Check to see if the link contains "&feature." If so, remove &feature and everything that comes after it. The link will still work, but it removes any of that additional tagging YouTube tends to tack on.

Related Media: Upload your related media first before you upload the video. Type the name of the related media item in the Related Media field and it will auto-populate with matches.

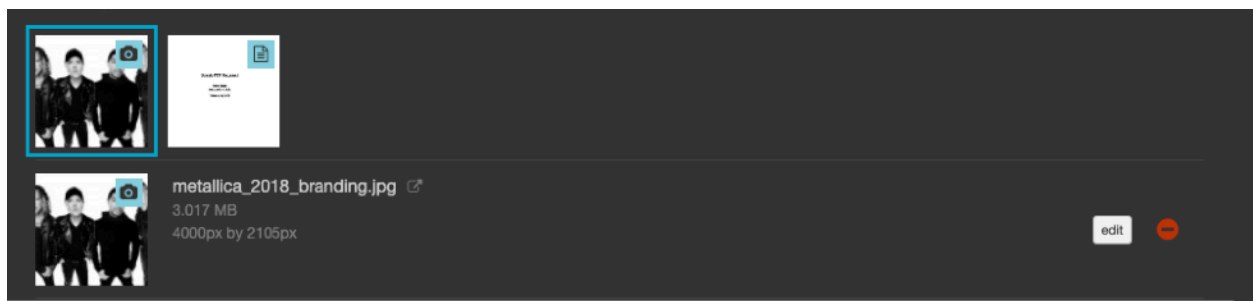

MEDIA

Settings

Once you have uploaded your assets, the system will display them at the top under Recently Added Media to highlight them for you in case you are going to use them right away.

Click on any item to reveal additional details including size and dimensions and to reveal the edit and trash buttons.

The Edit button will take you to the settings for that particular media item. If you click on the Trash button it will ask you to confirm before deleting it.

MEDIA

Settings

The screenshot shows a 'Media Settings' form with a dark background. On the left, there is a preview area with a thumbnail of a band (Metallica) and a warning box. The main form has several input fields and sections. Numbered callouts are placed over the following elements:

- 1: Image Editor icon (a small square with a crop symbol).
- 2: 'CLICK HERE TO DOWNLOAD' link.
- 3: Title input field containing 'metallica_2018_branding.jpg'.
- 4: Tags input field with a placeholder 'add tag'.
- 5: Warning box with text: 'Warning: This image is too large (1mb+)'. Below it, 'Size: 3.017 MB' and 'Dimensions: 4000px by 2105px' are displayed.
- 6: Caption input field.
- 7: Size and Dimensions information.
- 8: Link input field.
- 9: Related Media input field.

Buttons at the top right include 'Save Asset' (green) and 'Cancel' (grey).

1. Image Editor: Quick tool to crop, resize, and general alterations.
2. URL: Link for the asset on the servers.
3. Title: Image file name.
4. Tags: Use tags to help you find your assets in the media gallery.
5. Image Size Warning: Displays if an asset is larger than 1mb.
6. Caption: Description that appears on top of the image in slideshows.
7. Size and Dimensions: Image specifications.
8. Link: Add link to make asset clickable in slideshows.
9. Related Media: Used for placeholder image on Videos.

MEDIA

Sizing Images

Use the image editor to crop your images to the exact specifications for your site. Here are some helpful tips:

- **Saving Changes:** If you make changes using the image editor, the system will not override the original image. A new image will be created.
- **Cropping:** The larger your original image, the more options you'll have. The smaller the original image, the less options you'll have.

The bigger your image, the longer your page will take to load. It is imperative that you make sure everyone on your team is sizing your images correctly and optimizing them for the website.

SETTINGS

SETTINGS

Manage Users Overview

Anyone who is a site administrator or is a site editor with permission to create new users can add and manage users.

User Settings

Users can be managed by any site administrator. When you sign into Showtime, your username will appear in the top right corner with a little arrow just to the right of it. If you click on your username, a menu will drop down with the options:

- Edit Profile: Click this to edit your own account settings
- Manage Users: Click this to change or delete existing users or to add new users
- Log Out: Click this to log out of your account

Editing and Deleting Existing Users

When you click on the Manage Users button, a new screen will appear with a list of current users. To search for an existing user, you can either type the person's name or scroll through the list on screen to find the user.

- To edit an existing user's account, click on the EDIT button next to the person's name to open their permissions settings.
- To delete an existing user, click on the TRASH button.

SETTINGS

Adding New Users

When you click on the Manage Users button, a new screen will appear with a list of current users under the highest permission level (Site Administrators).

Click on the Add User button in the top right to grant access to a new user. Once you click the Add User button, you will be asked to fill in the following fields:

- First and Last Name: Enter the new user's first and last name.
- Email: Enter the new user's email address.
- Username: Choose a new username. They will be able to change their username if so desired.
- Password: Choose a password and encourage the new user to change the password the first time they log in.

Now you have to assign the user permissions. First, start by selecting which role you want them to have. There are two choices:

1. Site Admin: Full permission to access, read, and edit any section of the site, including manage other users as mentioned above.
2. Site Editor: Have specific access granted by the admin. This can include managing other users as well, but only if they've been assigned that permission level.

If you are granting Site Admin permission, there is nothing more you need to do. The user will automatically get access to everything. If you are granting Site Editor permission, you have to assign them permission to at least one item before the system will let you save.

Click the save button. The user will now be able to access Showtime with only the permissions you've granted.
